

Details of Research Scholar

SI No	Name of the Scholar	USN	Date of Registration	Name of the Guide	Title of the Project	Area of research
Ph.D						
1	Vidhya.Y.J	1BM10PGN03	November 2010	Dr.M.Rajyalakshmi	"A study on small ubiquitin like proteins (SUMO)"	Molecular Biology
2	Sahana Rao	1BM11PGN01	November 2011	Dr.Savithri Bhat	"Study on the role of natural molecules in protein misfolding disorders"	Plant BT & Animal BT
3	Krithika .H.L	1BM12PGN01	May 2012	Dr.M.Rajyalakshmi & Dr.Savithri Bhat	"A study on genetic diversity in endangered medicinal plant species"	Plant BT & Molecular Biology
4	G.Suhasa	1BM12PGN02	May 2012	Dr.Savithri Bhat	" A novel alternative to homologous recombination for gene cloning & expansion of proteins A in yeast "	Molecular BT
5	Roopa Gaonkar	1BM12PGN03	May 2012	Dr.Saisha Vinjamuri	" Evaluation of action of citral from lemongrass extract on HSP's "	Biochemistry
6,	Sharad.S	1BM15PGJO5	June 2015	Dr.Saisha Vinjamuri	"Studies on the in-vitro propagation of exacum bicolor roxb.& evaluation of its bioactive compounds for treatment of diabetes"	Molecular Biology
6.	Renu Pai		October 2015	Dr.Saisha Vinjamuri	"Studies on the role of chalcones from plant sources as inhibitors of hedge hog pathway with special reference to smo"	Biochemistry
7.	Ashwini Aniruddua Shahadani		February 2016	Dr.M.Rajyalakshmi	"Isolation,purification and characterization of antimicrobial peptides"	Microbiology
M.Sc [Engg.]						
1	Indira.S	1BM11MGN01	November 2011	Dr.M.Rajyalakshmi & Dr.Savithri Bhat	" In vitro propagation of commiphora species and effect of their extracts & metabolites on mammalian cells "	Plant BT & Molecular Biology
2	Teesta.V.Katte	1BM13MGN01	December 2013	Dr.M.Rajyalakshmi	"Study on C-Phycocyanin isolated from spirulina platensis and its effect on immune modulator"	Immunotechnology
